</tbody>
</table>
|               | **“Analysis of topographic differences in synovial fibroblasts”** PD Dr. Dr. Caroline Ospelt  
                    Center for Experimental Rheumatology, University Hospital Zurich, Switzerland |
|               | **“Investigation of the inflammatory processes associated with canine intervertebral disc herniation”**  
                    Prof. Dr. Franck Forterre  
                    Department of Clinical Veterinary Medicine, University of Bern, Switzerland |
| 12:40 – 13:10 | **“Development of a slow release system to reduce inflammatory processes in the degenerated intervertebral disc”**  
                    Dr. Olga Krupkova  
                    Laboratory for Immunoengineering and Regenerative Medicine, ETH Zurich and Clinic for Small Animal Surgery, University of Zurich, Switzerland |
| 13:10 – 13:40 | Coffee break                                                           |
| **13:40 – 14:00** |   **Session 2: “Burn Wound Treatment – from the Clinic to the Lab and Back”**                                       |
|               | **“The B5 Platform: Developing biological antibacterial burn wound bandages”** Prof. Dr. Lee Ann Laurent Applegate  
                    Regenerative Therapy Unit, University Hospital Lausanne, Switzerland |
|               | **“Burn wound exudates: Unlocking the burn wound microenvironment”** Dr. Paris Jafari  
                    Regenerative Therapy Unit, University Hospital Lausanne, Switzerland |
| 14:00 – 14:50 | **“Novel antimicrobial peptide dendrimers against multi-resistant bacteria”** PD Dr. Tamis Darbre  
                    Department of Chemistry and Biochemistry, University of Bern, Switzerland |
| 14:50 – 15:20 | Coffee break                                                           |
| **15:10 – 16:10** |   **Session 3: “Technology Transfer in Research and Development”**                                       |
|               | **“The Clinician’s view: Mediating R&D for cost effective treatment options”** Dr. med. Harry Gebhard  
                    Spinal orthopedics, Kantonsspital Baselland, Liestal, Switzerland |
|               | **“Establishing the BoneWelding® Technology in the Spine - Regulatory and Scientific Challenges”**  
                    Dr. Jörg Mayer  
                    Managing Director, SpineWelding AG, Schlieren, Switzerland |
| 16:10 – 16:40 | **“Idea to market - pitfalls on the way to get there”** Prof. Dr. Thomas Steffen  
                    Orthopedic Research Laboratory, McGill University Health Centre, Montreal, Canada |
| 16:40 – 17:10 |  Concluding Remarks                                                      |
| **17:50 – 18:00** |   **Apéro**                                                             |

18:00
