Universität Zürich

Program

13:40-13:45

Welcome

Session 1: Presentations of CABMM members

13:45-14:15

"Persistent *Staphylococcus aureus* infections – a clinical perspective"

Prof. Dr. Annelies Zinkernagel

*Department of Infectious Diseases and Hospital Epidemiology,
University Hospital Zurich*

14:15-14:45

"Learning from naturally occurring animal models"

Prof. Dr. Antonio Pozzi

Clinic for Small Animal Surgery, Vetsuisse Faculty, University of Zurich

14:45-15:00

Coffee Break

Session 2: Animal welfare in research

15:00-16:00

Keynote Lecture

"The perfect animal test – from a regulatory point of view"

Dr. Elisabeth Klenke

*Preclinical Review and GLP Compliance Monitoring Unit,
Swissmedic, Bern*

16:00-16:15

Coffee Break

Session 3: Presentations of CABMM members

16:15-16:45

"Quantitative cell biology of genome integrity maintenance"

Prof. Dr. Matthias Altmeyer

Department of Molecular Mechanisms of Disease, University of Zurich

16:45-17:15

"Biotissue based approaches for cardiac repair"

PD Dr. Marie-Noëlle Giraud

Department of Medicine, University of Fribourg

17:15-17:45

"Skin cancer development in organ transplant recipients"

Prof. Dr. Günther Hofbauer

Department of Dermatology, University Hospital Zurich

17:45-18:00

Concluding Remarks

Followed by an apéro for all participants

Participation is recognized as continuing education for animal experimentation by the Veterinary Office of the Canton of Zurich and VSKT (E-TV).
