Prof. Dr. Felix R. Althaus, Dean Vetsuisse Faculty, University of Zurich, Switzerland
- 13:40-14:30 **Keynote Lecture**
"The role of MGF a splice variant of the IGF-I gene in musculoskeletal tissue and nerve repair"
Prof. Dr. Geoffrey Goldspink, University College London, UK
- 14:40-15:30 **Keynote Lecture**
"Cartilage and degenerative joint disease"
Prof. em. Dr. A. Robin Poole, McGill University, Montreal, Canada
- 15:30-16:00 Coffee Break
- 16:00-18:00 **Oral Presentations of CABMM Members**
- 16:00-16:20 "The role of stem cells in bone disease"
Dr. Peter Richards, University of Zurich, Switzerland
- 16:20-16:40 "Regulation of inflammation at the chromatin level"
Prof. Dr. Michael O. Hottiger, University of Zurich, Switzerland
- 16:40-17:00 "Advanced modified fibrin matrices for wound healing"
PD Dr. Heike Hall-Bozic, ETH Zurich, Switzerland
- 17:00-17:20 "Cardiovascular Regenerative Medicine"
Prof. Dr. Dr. Simon P. Hoerstrup, University Hospital Zurich, Switzerland
- 17:20-17:40 „From flow energy to vessel wall biology"
Prof. Dr. Isabel Wanke, Klinik Hirslanden, Zurich, Switzerland
- 17:40-18:00 "Cardiovascular research – horses and more..."
Prof. Dr. Dr. Colin C. Schwarzwald, University of Zurich, Switzerland
- 18:00-18:15 **Concluding Remarks**
Prof. Dr. Brigitte von Rechenberg, University of Zurich, Switzerland
- 18:15 Apéro
