

# 5<sup>th</sup> Symposium of the Center for Applied Biotechnology and Molecular Medicine (CABMM)

Thursday, November 13, 2014  
12.45 – 17.45

Theatre Room Y21-F-65A  
University of Zurich  
Irchel Campus  
Winterthurerstrasse 190  
8057 Zurich

Universität Zürich

## Program

- 12:45-13:00 **Welcome**
- Session 1:
- 13:00-14:00 Keynote lecture:  
*“A career in gene expression - what went right, what went wrong”*  
**Prof. em. Dr. Walter Schaffner,**  
**Institute of Molecular Life Science, University of Zurich, Switzerland**
- 14:00-14:30 *“Human chondroprogenitor cells for use in cartilage repair”*  
Deborah Studer, Cartilage Engineering and Regeneration,  
ETH Zurich, Switzerland
- 14:30-15:00 *“Identification of tenocytic specific genetic markers in the horse”*  
PD Dr. Paolo Cinelli, Center for Clinical Research,  
Clinic for Trauma Surgery, University of Zurich, Switzerland
- 15:00-15:30 *Coffee Break*
- Session 2:
- 15:30-16:30 Keynote lecture:  
*“From bedside to bench”*  
**Prof. Dr. Christian Gerber,**  
**Department of Orthopaedics, University Hospital Balgrist, Zurich, Switzerland**
- 16:30-17:00 *“Electrospun nano-meshes: a valuable tool for enhancing osteogenic differentiation of mesenchymal stem cells”*  
Dr. Hannes L. Ebner, Department of Trauma Surgery,  
Medical University Innsbruck, Austria
- 17:00-17:30 *“Molecular regulation of osteoclastogenesis by protein ADP-ribosylation”*  
Prof. Dr. Dr. Michael O. Hottiger, Institute of Veterinary Biochemistry  
and Molecular Biology, University of Zurich, Switzerland
- 17:30-17:45 **Concluding Remarks**
- 17:45 *Apéro*
